Mr. and Mrs. Full Movie Download Video, download video of Mr. and Mrs. movie in 3gp, mp4, HD for mobiles - A simple story about a couple seeking to add some spice to their marriage by agreeing on a list of 13 tasks they must complete before the next Friday In this modern age when people have been conditioned to take everything around them with a pinch of salt, when the cynics have been programmed into thinking that there's nothing beautiful or worth living in this world anymore...every so often comes a story so beautiful you want to believe it is true... a story that makes you smile and cry at the same time, a story when you know in your heart it's not just a story but a glimpse into another couple's life who decided to keep the romance alive in their marriage...a couple who decided they would rather die than let each other go...seven words...seven innocent words... 'will you marry me?'

As written by director Russel Birdy's own story, Mr. and Mrs. is a love-story centered on a married couple Rahul and Anjali, played by Rajeev Mohan and Shilpa Tulaskar who have been married for two years now. Having been through the ups and downs of being a couple in love, going on dates, having fun together...not being able to have kids...facing financial challenges...having misunderstandings...living apart from each other for a year...coming back together again with renewed vigor...the couple has learnt a lot about each other and the essence of their relationship. They are now mature enough to admit that even though they love each other very much, there is one thing they haven't done in their marriage...and that's to keep the thrill alive in their love. And that's when they decide to enter into a pact for thirteen tasks which will help rekindle their passion for each other...for thirteen tasks which will make them re-discover each other all over again. A task for every Friday of the year. They must complete all the thirteen tasks in order to make it a successful year. The husband will do anything for his wife, even if it means he will have to go against his own self-interest, even if it means he will have to put aside the differences with his in-laws whom he has never got along with. The wife will do everything in her power to help her husband achieve all her tasks no matter what she has to sacrifice in the process. Rahul and Anjali are both ordinary people living an ordinary life in Mumbai, but their story is remarkable because it is so real. It's a story of every couple who have decided to take or marriage seriously...
